

CHICAGO HONORS ARMY AIRMEN ON THEIR ARRIVAL

Make Short Speeches
And Retire Early To
Get Rest

CHICAGO, Sept. 15. (AP)—First of the cities to greet their winged namesake, Chicago, today took Lieutenant Lowell Smith and his world encircling flier to her bosom, stood with bared head while the planes figuratively unraveled miles of the red, white and blue thread they have spun around the globe. There then, great ovations as humble homage and tonight tendered them food and drink at a public banquet.

From the moment Lieutenant Smith and his flag plane, Chicago, completed the hop from Dayton to Maywood air field at 12:55 Daylight Saving Time, he, with his companion pilots, Lieutenant Erik Nelson in the New Orleans and Lieutenant Leigh Wade in his Boston II, received all that the city could give them.

Tomorrow at 8 a. m. Central Time, they are scheduled to be on their way again to Omaha, an air distance of 440 miles. Thousands swarmed to the Mall Field, 12 miles west of Chicago, for a view of the world fliers as they came to rest. The sight of them far over Chicago brought spontaneous demonstration. Every kind of noise contrived from lusty lunged spectators to the jazziest of bands let go. When the three birdmen and their mechanical taxis landed in position and leaped from their cockpits into the arms of the crowd which had swept its police cordon aside, it was a spectacle of rejoicing.

All along the Lake Michigan shore, in Grant Park and Chicago's business district over which the three planes first circled, the outburst was as demonstrative.

In Fine Mood
The flight of 234 miles was without incident. That, together with the emotion which the ceremonies in their honor visibly brought out, put them in a mood such as does a circus inspire frolicsome boys.

"We have been treated royally where ever we stopped on our trip but I want you all to know that no where, Tokio, Paris, London, Boston, anywhere, have we been greeted as we have in Chicago. I am proud to have flown the ship named after your city."

These were almost the first words spoken by Lieutenant Smith when he and his companions received the newspapermen.

Lieutenant Smith's ship, carrying the name "Chicago" over land and water where airplanes at some places never before had been seen was literally fondled by the citizens who claim its name as home.

After a parade about the field, for the purpose of allowing all to gain a glimpse of the fliers, they were placed in motor cars, and whisked away to an adjoining suburb where they had luncheon "in peace." At every turn it was necessary to protect them with a squad of policemen or a corps of motorcycle officers.

They were escorted between hangars by burly guards. Their planes stood up under the grind from Dayton so well that such adjustments as were necessary were mostly perfunctory.

Not Speech Makers
As Major General Patrick, chief of the air service had said, his boys "were fliers" not speech makers, and none was requested to make an extended talk.

LEGIONNAIRES OPEN THEIR SIXTH ANNUAL MEETING AT ST. PAUL

Pledge Union Of North And
South—Pay Tribute
To Wilson

ST. PAUL, Sept. 15. (AP)—Marked by a simple stirring tribute to the late Woodrow Wilson and a pledging anew of the union of the North and South, the sixth annual convention of the American Legion opened its five day convention here today.

It was a solemn memorial service to the late wartime president that concluded the initial session hushing the thousands of legionnaires who had been thrilled into the prolonged cheering as representatives of the blue and gray of civil war days renewed allegiance to the union.

As General W. B. Haldeman of Louisville was presented as commander in chief of the United Confederate Veterans, bands took up the stirring strains of "Dixie" and the legionnaires turned loose an ovation. When General Haldeman had concluded, pointing to the complete union of the north and the south former Governor S. R. Van Sant of Minnesota, past commander of the G. A. R. evoked further cheers by a tribute to the confederate soldiers.

Legion Commander Quinn, addressing the delegates, lauded their work in undertaking the support and education of 5,000 children and termed them more than merely the "playground of the legion."

Of the 818 delegates to the 40 and 8 gathering, Ohio headed the list with 45 percent and her band was the only 100 percent 40 and 8 band in the organization.

Tonight the downtown streets of St. Paul and Minneapolis were thronged with happy legionnaires engaged in widely divergent forms of amusement. Their numbers were augmented by additional arrivals tonight and the local committee placed at 45,000 the number in the twin cities for the convention.

While the annual parade tomorrow afternoon is considered the outstanding event of the day, legionnaires awaited with interest the incognito visit of Charles G. Dawes, Republican vice-president candidate.

There has been no formal arranged for General Dawes, the local committee and prominent legionnaires profess to have no knowledge concerning the train he is likely to arrive on for he is coming as "just another legionnaire," and will make no speeches.

General Dawes will review the parade and in the evening will be a guest at dinner at the Minnesota club.

AGREEMENT TO OUTLAW WAR TAKES ON FORM

GENEVA, Sept. 15. (AP)—A dramatic moment marked the negotiations today between Great Britain and France over the problem of the sanctions which are the basis of an agreement to outlaw war. The agreement drafted in preliminary form will be submitted tomorrow to the delegates to the other powers.

The negotiations had threatened disruption, but the patience of the British and French delegates finally brought about an accord.

The difference was over the question of how to insert in the agreement some definite clause whereby military, naval and economic assistance could be definitely assured and more particularly the naval and economic assistance of England.

The final draft does not mention Great Britain or any other power but is in the nature of a pact of general and mutual assistance and makes clear that each member of the league will contribute the force at its disposition either economic or military for the general maintenance of peace.

It is understood that the day was saved by assurances received by the French delegation that Britain would interpret the pact to mean that she would stand ready to contribute both naval and aerial forces to the service of the league in time of need.

The draft pact does not partake of the nature of a Franco-British alliance in any sense, but is entirely a protocol of mutual assistance affecting all the members of the league.

PRINCESS KILLED BY
FALL FROM CLIFF
Kineo, Maine, Sept. 15.—Members of the family of Princess Helen Radziwill, well known writer and novelist, who was killed on Saturday, when she fell more than 100 feet over the north cliff of Mount Kineo, left early today for their home in Chicago, with the body.

The princess was the widow of Prince Radziwill, of Poland, and daughter of Dr. Elmer E. Simpson, of Chicago. She had been spending the summer here with her parents, two brothers and a sister.

CALLERS VISIT COOLIDGE WITH MANY MESSAGES

Politics, Government
Affairs, And Europe
Are Included

WASHINGTON, Sept. 15. (AP)—A steady stream of callers pour in on President Coolidge today bearing messages on politics, government affairs and European conditions.

Secretary Davis brought a report from Ethelbert Stewart, commissioner of labor statistics, showing an increase in employment in August.

Senators McKinley of Illinois, and Weller of Maryland, told the president the Dawes reparations plan already has had a beneficial effect in Europe as well as in this country. They returned recently from Europe.

The political situation in the state of Washington was outlined to Mr. Coolidge by J. Grant Hinkle, secretary of state, who said Senator LaFollette, independent candidate apparently had some strength there the Republicans were drawing from the ranks of conservative Democrats.

Senator Weller of Maryland, also gave an encouraging report on the political situation in his state. He believed Senator LaFollette was drawing more votes from the Democrats than from the Republicans.

Pending receipt of further reports on the trend of the campaign, Mr. Coolidge withheld his plans for next month. He accepted definitely however, the invitation to speak in Philadelphia on the night of September 25 at the ceremonies marking the 150th anniversary of the meeting of the first continental congress.

Representative Burton of Ohio, a member of the debt commission also conferred with Mr. Coolidge. He also has been in Europe for several weeks, but did not discuss statements by Senator Weller that there were indications on the continent that France and some of the other allied nations might open negotiations this fall for settlement of their war debts to this country. He remarked, on leaving the white house however, that the terms of the British debt settlement would have to be used as a guide in determining the other settlements.

LEOPOLD AND LOEB SPEND QUIET SUNDAY

JOLIET, Ill., Sept. 15. (AP)—Nathan Leopold, Jr., and Richard Loeb began work in earnest today on a job that may last a life time and for which the slayers of Bobby Franks will receive no pay nor recognition.

Their first task in the penitentiary here, the boys spent in reading books from the prison library and in attending church services. The youthful slayers heard a sermon by Father Leo, chaplain. Leopold the atheist sat quietly through the service listening attentively to the words of the pastor. He sat looking downward at the floor or at the pastor and did not even whisper to the convicts on either side of him in the chapel.

Loeb after listening attentively to the sermon went directly to his cell where he spent the remainder of the day resting and reading.

This morning the slayers were led to their work and both boys seemed happy to be occupied with something more than the thought of a life behind prison bars.

PROMINENT ALUMNAE OF ILLINI DROWNED

CHICAGO, Sept. 15. (AP)—Harry Gray Coffeen, president of the general alumni association of the University of Illinois was drowned last night at Waverly Beach, Ind.

Mr. Coffeen, who made his home in Oak Park, a suburb of Chicago, graduated from the University in 1898. He taught engineering at the University of Illinois, the University of Pennsylvania and at Armour Institute. Since 1911 he had been in the insurance business.

Funeral services will be held here Wednesday.

"WORLD'S BRAN KING"
MYSTERIOUSLY DISAPPEARS
Akron, N. Y., Sept. 15.—Lewis E. Sands, wholesale bean dealer known as the "world's bean king," has vanished like his father did years ago. As a result of his disappearance, his wholesale plant here, doing business as Lewis E. Sands & Co., Inc., and 28 receiving stations and warehouses in this state and scores of others throughout the country are idle, in compliance with an order from his attorney. Liabilities of the company are said to exceed assets by \$300,000 to \$500,000.

Jimmy Murphy, Noted Auto Racer, Killed

SYRACUSE, N. Y., Sept. 15.—(AP)—Jimmy Murphy, driver in the 150 mile automobile race at the State Fair grounds here today, received fatal injuries in the 138th lap of the race, and died a few minutes after being taken to a hospital.

Phil "Red" Shafer won the race, Benny Hill, five miles behind Shafer, finished second; Harry Hartz, driving Fred Comer's machine, was third; DePalma was fourth and Cooper was fifth. The time was 1 hour, 50 minutes and 20 seconds.

While Murphy, who was in second place, was making a desperate effort to make up the three laps between himself and "Red" Shafer, his machine skidded on the east end of the track, whirled around twice and struck the fence, rear end foremost. A post from the fence pierced Murphy's breast over the heart and another splinter struck him under the chin. Nearly seventy feet of the railing was ripped out in the crash.

Murphy survived the accident only a few minutes, long enough to be taken to a hospital but he never regained consciousness. He was the only victim of the accident, which happened on the inside of the track.

Splinters of wood from the wrecked fence and debris from Murphy's car were cleared away by the state troopers just in time for the leaders, in the race to thunder by. It was in an attempt to lap his teammate and pass

Shafer that Murphy pushed his car into a final burst of speed. He roared down the straightaway that passed the grandstand at approximately 80 miles an hour. At the turn he seemed unable to straighten the car out and the 20,000 occupants, were horrified to see him clip the inside fence once, then rapidly skid around and strike it again and finally on the completed third swing, crash into the railing and carry it before him for nearly 100 feet.

The car did not overturn but in its progress sideways, it picked up the fence rails so that they penetrated the hood and the body of the vehicle. The end of one of these wooden splinters struck Murphy in the chest.

An ambulance reached Murphy a few seconds after the accident and took him to St. Joseph Hospital. Tommy Milton, companion racing driver and Murphy's mechanic accompanied him to the hospital.

Murphy's body will be taken to Los Angeles tonight by other drivers who competed in the race. The record which Murphy had attained so far this year, placed him as the leading American racing drivers in the point contest for the 1924 championships, and it had been his hope to gain the 300 points additional which victory here would have given him so as to be assured of the automobile association honors. He had up to this race 1,695 points to his credit, while Shafer, today's winner, had 1,685.

NAVY SECRETARY CALLED BACK TO WASHINGTON, D. C.

Leaves San Diego By Airplane To Catch Santa Fe Train

SAN DIEGO, Cal., Sept. 15. (AP)—In response to an urgent summons to return to Washington, D. C., without delay, Secretary of the Navy Curtis D. Wilbur, will leave the North Island naval air station here by airplane at 4 o'clock this afternoon.

Secretary Wilbur, in confirming the receipt of a message ordering him to return to Washington stated that the summons came from President Coolidge.

No reason for the return to Washington was contained in the message, but at the North Island air station it was stated that in all probability the secretary's presence was desired at an important conference on some naval matter.

Lieutenant B. S. Wyatt was designated as the pilot on the plane to carry Mr. Wilbur. A DeHavilland airplane was used for the flight which was started at 3:15 o'clock with Rous Field, Riverside, as the destination. At Riverside, the Santa Fe train leaving Los Angeles at 5:15 o'clock this afternoon is to be held for Secretary Wilbur.

Secretary Wilbur said the telegram from President Coolidge instructed him to report to the president at the earliest practicable moment. He ventured an opinion that the budget situation was the paramount issue involved, as the secretary learned yesterday morning that \$30,000,000 already had been lopped off the naval appropriations for the next fiscal year, \$10,000,000 of which applied to aviation.

Secretary Wilbur is expected to reach Washington in time for Friday's cabinet meeting and, in view of his return, it is assumed that the final straits of the navy bill will be considered at that session, preceded possibly by a conference on the subject between the president and the department heads.

WASHINGTON, Sept. 15. (AP)—Secretary Wilbur has been requested to return to Washington as soon as possible, it was indicated today at the white house to confer with the president on department matters particularly in regard to the next budget allowance for the navy. It was declared, however, there was no special significance in the call for secretary.

DEATH COMES TO FRANK L. CHANCE IN LOS ANGELES

Baseball's "Peerless
Leader" Dead After
Long Illness

LOS ANGELES, Cal., Sept. 15. (AP)—Frank Chance, manager of the Chicago White Sox died here tonight after a long illness. For several months Chance had been recuperating in Southern California from a breakdown suffered in Chicago last spring in an attempt to resume active management of the team. He was at his apartment here early tonight when another sudden attack caused his removal to the Good Samaritan Hospital where he died within half an hour.

Funeral arrangements will be completed tomorrow, relatives announced.

The White Sox manager contracted influenza in Chicago last year, later developing asthma and other complications. He came to California and after a few months rest so far recovered that he accepted the offer of Charles Comiskey, owner of the Chicago team, to come to Chicago and take over active management of the White Sox.

His stay in Chicago was tragically brief however, and within a few weeks he was again at Palm Springs, a health resort near here fighting to win back his strength.

Later he alternated his time between Palm Springs, his ranch at Glendora, Calif., and his apartment here, frequently visiting the Pacific Coast League ball park here to watch the game he had been forced to give up.

Chance thrust the greater part of his career held a picturesque position both as a leading baseball player and as a maker of championship teams.

It was while under the management of Chance that the Chicago Cubs won two world's championships and four National League pennants.

Chance became a member of the Cubs almost as a boy, playing first behind the bat. Later, at the height of the Cubs' winning streak he was known as the Keystone of the famous baseball triangle of "Tinker to Evers to Chance."

SMALL'S ATTORNEY WANTS JURY TRIAL

SPRINGFIELD, Sept. 15. (AP)—Governor Small, if he is to be tried, is entitled to a trial by jury. Werner W. Schroeder, the governor's attorney asserted this morning, in opening final arguments for the defense in the Civil suits against the governor instituted by the Attorney General.

In the face of a barrage of objections from the four assistant State attorneys who are prosecuting the case, Schroeder succeeded in reading into the record citations from an immense stack of authorities which he brought into the court room.

In the case of Cook county vs. Davis, former treasurer, Schroeder asserted that the wording of the bill of complaint was almost identical with the bill against the governor. The Davis case was dismissed in the supreme court, and the supreme court up held the ruling on the grounds that the complainants had departed from an established rule in bringing the case before a court in equity, instead of before a jury.

BUSINESS REVIVAL IN ILLINOIS NEAR

CHICAGO, Sept. 15. (AP)—Signs of an impending business revival in Illinois have already begun to appear, says a bulletin issued today by the Illinois Department of Labor.

"Altho the general level of employment in the state rose only slightly during the month there were two reports from individual industries of sharp advances in the scale of operations," the bulletin said. "More over in August for the first time since March employment advance in the majority of the principal industries."

Altho primary indications of a change for the better have made their appearance, some industries are still declining, and in nearly every industry including those in which the central tendency is most markedly upward, there were some instances of decline."

DAVIS MAKES SPEECH IN OPEN AIR TO BIG CROWD IN MISSOURI

Admits He Is Not a Farmer
—Assails Corruption
In Office

EASTWOOD FARMS, BUNCE-TON, Mo., Sept. 15. (AP)—John W. Davis, carried his fight for the presidency into the heart of agricultural Missouri today attending a gigantic barbecue at the farm home here of Dr. Arthur W. Nelson, Democratic candidate for governor of Missouri and opening his campaign in this state. Mr. Davis told his thousands of hearers grouped in a natural amphitheater in front of the Nelson home that this was a "fighting campaign" and "we still make war."

The Democratic presidential candidate had for an audience the greatest crowd ever gathered in rural Missouri and he remarked that it was probably the largest assembly that ever met in the open to discuss governmental affairs.

Joshua Barbee, Democratic state chairman, who was in charge of the celebration estimated that between 40,000 and 50,000 persons were present.

Mr. Davis assailed "special privilege" and "corruption in office," denouncing Albert B. Fall and Harry M. Daugherty, Charles R. Forbes, Edwin Denby, and others formerly connected with the Republican administration.

"And now they tell us the old firm has been reorganized," said Mr. Davis.

He asserted however, that the Republican party was under the same management, had the same board of directors and had merely had a "new general manager" for the last year.

The audience included thousands of farmers and the Democratic standard bearer smilingly admitted at the outset of his address that he was "not a farmer, not a dirt farmer, not even a pictorial farmer."

Mr. Davis said the farmer did not ask for special privilege but that they might stand equal before the law, commanding the respect and attention in congress and in the white house that had too long been granted to other industries.

"The Republican party has never recognized farming as an industry," he declared amid applause.

"It wrings one's heart to hear of a strong and sturdy man whose years of life and labor have gone for naught, and who stand evicted from the soil they have bedewed with their honest sweat," continued the speaker. "And it stirs one's impulse to search out relief for such conditions and to apply such remedies—if remedies there be—as the power of government may devise."

HELD UP FOLLOWING RELEASE FROM PRISON

JOLIET, Ill., Sept. 15.—Lawrence J. Crowley, one of Joliet's wealthiest bootleggers who completed a sentence of six months in the house of correction at Chicago last month, was held up and robbed of \$350 in cash and a diamond ring valued at \$3,000 last night.

When Crowley stepped out of the back door of his mansion on Raynor avenue last night alone a masked bandit pressed a gun into the bootlegger's neck and told him to step into his car and drive to the nearest cemetery. When they arrived there the bandit went through Crowley's clothing for hidden securities but did not take Crowley's \$5,000 automobile.

PERSHING BOOMED FOR LEGION COMMANDER

ST. PAUL, Sept. 15. (AP)—A boom to make General John J. Pershing, national commander of the American Legion in annual convention here was started tonight.

Who started the move, no one seemed to know, but the cry, "We Want Pershing for Commander," rang thru hotel lobbies and on the street wherever the "Bud-dies" gathered.

Leaders of some delegations said they planned to get in touch with General Pershing to learn if he would accept the office.

"If Black Jack will take it, it's his," said one delegate.

METHODISTS END ANNUAL MEETING AT BLOOMINGTON

All Leave For Their
Homes After Strenuous Session

BLOOMINGTON, Ill., Sept. 15.—What the oldest leaders in Illinois Methodism say was one of the greatest and most successful conferences in Illinois' hundred years of Methodism ended this afternoon at the First Methodist church with the reading of the appointments for the ensuing year, by Bishop William F. McDowell, who was in charge of the conference at every session.

The hundreds of Methodist preachers, elders, other church officials, their wives, started for their homes again tonight, tired by the strenuous sessions of the five days of meetings.

Dr. A. C. Piersel presented a resolution which was unanimously adopted by the body, to petition congress to make an amendment to the constitution to abolish child labor and also to send greetings to Dr. Edmund James, former president of the University of Illinois.

The report of the statistical secretary was heard, followed by the appointment of the committee on merger of the conferences composed of the district superintendents of the Decatur, Bloomington and Springfield districts, with the heads of the other four districts as their alternates.

The class of trustees and board of stewards for 1925 were read again and C. W. Munson was appointed solicitor for the ensuing year.

The report of the Sunday school and Epworth League was heard and approved, and Rev. Powell head of the Chicago Training School, told in a few words of the work of that institution.

Chaplain Debee, of the United States Army at Hawaii who was appointed to the position was introduced to the audience, followed by a short talk by Major Everett, secretary of the Illinois Anti-Saloon League who was assured the support of the ministers for the coming year, and always.

Diplomas for Paul Snyder, Clarence Nordling and Underwood were awarded by Bishop McDowell for completing the conference course of study.

The following transfer into the Illinois conference additional to those previously announced were read: R. N. Johnstone, from the North Dakota conference; A. B. Kottelkamp, from the Central Illinois conference.

The class of trustees for the class of 1925 Chaddock Boys' School at Quincy, was appointed as follows: Rev. F. A. McCarty, H. B. Dines, J. F. Campbell, D. S. Musselman, Mrs. Idella Harves, Rev. W. G. Pulliam, George Chadcock and Rev. E. S. Combs.

Trustees and school visitors for the Central Illinois Methodist Conference were elected at the closing session at Normal today. They are:

University term to expire in 1927, C. Sterry Long, Pontiac; Frank L. Smith, Dwight; George H. Thorpe. (Continued on Page Three)

TWO LOSE LIVES IN CALIFORNIA OIL FIRE

MONTEREY, Cal., Sept. 15. (AP)—Fire which swept the tank farms of the Associated and Standard Oil companies and the adjacent water front between Monterey and Pacific Grove taking a toll of at least two lives and causing conservatively estimated at \$2,000,000 was said by the fire fighting forces to be under control today after having burned nearly 24 hours.

Six large tanks of the Associated oil company, five small tanks of the Standard Oil company, two sardine canneries and a government grain warehouse and other buildings, including some residences were destroyed. The canneries and the warehouse were fired from a river of blazing oil which ran 500 feet down a wide avenue to the water front and as many more feet into Monterey Bay.

WEATHER

Illinois—Mostly cloudy Tuesday and Wednesday probably showers or thunderstorms by Tuesday afternoon or night, little change in temperature.

CHILLICOTHE MARSHAL IS SHOT BY BANDITS

PEORIA, Ill., Sept. 15. (AP)—A gun duel with bandits early today ended when John Merritt, 56, night marshal of Chillicothe, dropped with wounds that may be fatal. Merritt discovered the bandits at work on the Standard Oil filling station and opened fire after the lookout man had shot a dog which accompanied the officer. As he fired, two charges of buckshot from a sawed off shot gun struck him. The dog is said to have attacked the lookout man and was shot and killed after attracting attention of his master. Merritt staggered to the Rock Island, a block away to give the alarm. The robbers fled before obtaining the \$150 in the safe.

LINCOLN, Sept. 15. (AP)—Local police believe that an abandoned car which contained a box of revolver cartridges and bloody handkerchiefs found near here this morning may have been the car used by bandits who attempted to enter a filling station at Chillicothe last night.

The car carried license plates issued to John Wilson of Chillicothe for another make of car. A pair of Kansas license plates were also found in the car.

It is a welcome announcement by the warden of Joliet penitentiary that newspaper men are no longer to be allowed to see or hold conversation with Loeb and Leopold. These two murderers have been condemned to spend their lives within penitentiary walls, they have started to serve their sentences. For weeks and

weeks their trial held the front pages of the newspapers. Damage was done by this wide publicity. Now they should be lost forever from the public mind.

The heavy rains this season interfered with state road work to a considerable extent, but in recent weeks contractors have been working overtime. With two months more of good weather it is estimated that fully 1,000 more miles of hard roads will have been added to the state system within the year. This is a record of which Gov. Small's administration can well be proud, and the promise to "pull Illinois out of the mud" is certainly being carried out with a rapidity which only good management can make possible.

A committee from the American Federation of Labor says that organized labor will vote for LaFollette in the coming election. When it is taken into account that there are thousands

and thousands of ex-service men in the ranks of organized labor, to say nothing of other independent thinkers—it remains to be seen whether LaFollette will get labor's vote.

Turning back the pages of history a few years affords the absolute proof that when the war was in progress that Senator LaFollette continuously voted against the measures which meant the comfort of soldiers overseas and that his conduct all along was of a kind to give comfort to the enemy. His position was so pronounced that even the legislature of Wisconsin adopted a resolution condemning the senator for his failure to see the righteousness of his nation's cause.

"SANITARY" TOURISTS

The effort to popularize the steamer in Atlantic liners continues. The latest contribution is a ruling that "white collar" Americans returning from Europe in the steamer shall not be obliged to go to Ellis Island and submit to medical inspection, like immigrants and others of the usual steerage class. The ruling applies to "tourist parties" of teachers, students, war veterans and others of good sanitary type.

This action follows hundreds of complaints from American citizens, who objected to the trouble and humiliation they were subjected to merely because they chose to travel third-class instead of first or second-class. There is no reason why the immigration and health authorities should not make such a distinction.

The steamship companies are glad to have this done, because of the big they are making for a respectable and "sanitary" steerage traffic. The liners are no longer able to fill the steerage with immigrants, under the new American immigration policy, and so are cleaning up and remodeling the quarters and improving the service to make it fit for more discriminating passengers.

This is a change welcome to Americans of moderate purses, because it makes a decent sea voyage cheaper than such travel has been for many years. It is getting so that almost anyone can sail third class without being ashamed of it.

EFFECTIVE EDUCATION

The superintendent of Chicago public schools has recently raised the question of school efficiency. In a report to the board of education he urged an effort to change education from a Fourth of July boast to a proved science. He demanded that the schools be made to show definite accomplishments in return for the huge sums spent on them annually.

The Chicago superintendent stresses particularly the "fundamentals" of education. Certainly, it should not be too much to ask, he thinks, that a public school pupil after a reasonable length of time, should know how to write legibly and spell correctly. He deprecates the "bewildering course of study" and asks for a simplification of the curriculum.

On the whole, of course, he is right. Yet it is conceivable that a pupil might learn to read and write well and still remain little more than a maker of perfect copy books. If he hasn't learned to use his mind, to tackle and solve new problems, if he hasn't grown in mental power and strength of character and moral force, then his legible writing is not enough to make him an educated person.

"WHY MEN LEAVE HOME"

LOVE'S PHILOSOPHY

The fountains mingle with the river,
And the rivers with the ocean,
The winds of heaven mix for ever
With a sweet emotion;
Nothing in the world is single;
All things by a law divine
In one another's being mingle—
Why not I with thine?

See the mountain kiss high heaven,
And the waves clasp one another;
No sister flower would be forgiven
If it disdained its brother;
And the sunlight clasps the earth,
And the moonbeams kiss the sea;
What are all these kissings worth,
If thou kiss not me?

CITY DOOMED, SAYS FORD

BY ALBERT APPLE

The modern city has done its worst. The city has taught us much. But the overhead expense of living in such places is becoming unbearable. The cost of maintaining interest on debts, of keeping up water supply, sewage and sanitary systems, the cost of traffic control and of policing great masses of people are so great as to offset the benefits of the city.

This is Henry Ford's idea, expressed in an interview in Automotive Industries Magazine.

Ford says that he believes that sharp competition will compel industries to move into small communities. Overhead costs and living expenses would be lower there.

Some years back Ford advanced the idea of establishing factories in rural districts where farmers could work in their dull seasons of the year. Growing most of his own food, each industrial producer under this system would also be his own boss part of the time.

A handicap to this system would be if industries owned the farm-homes and supervised them ruthlessly, as is now done with homes and gardens in many mining towns.

Today the big city is an industrial center. Ford predicts a time when the industrial center will be a chain of small towns, each with its factories and mills, farms nearby.

Ford does not seem to reckon with the part the airplane may play in breaking up the big cities. If planes get safe, fool-proof and as inexpensive as auto fliers, father could live far out in the country or even in the woods and fly hundreds of miles to and from work in the city.

The city would no longer be a residential district on any big scale. It would have factories, mills, stores and theaters.

With airplanes cheap and fast, and radio bringing movies and music and news to the far-off home, the problem of city congestion would be easily solved.

The public, however, might ob-

ject to isolation—even in groups of families. City dwellers are responding to much the same spirit that makes bees flock together in a common hive, wasps in a paper nest, ants in a hill.

BUNK

When John Wilkes Booth leaped to the stage of Ford's Theater after shooting Abraham Lincoln, he did not stop dramatically and shout, "Sic semper tyrannis," or anything else. If he said anything at all, he didn't stop when he was saying it. He was fleeing for his life and he wasted no time on speeches.

This is the version of William J. Ferguson, who was callboy and prompter at Ford's Theater that historic night.

There's a lot of bunk in history—to make it thrill us. Napoleon's famous pose was not for meditation or effect, but to keep his cape about him for warmth.

BRIDE

Massachusetts man married a pretty waitress. In the following year she purchased two new suits a week—104 in the year. This comes out at the divorce hearing.

Apparently this bride gratified a long suppressed desire for fine feathers. We all have some such desire. But few are ever able to gratify the yearning, as did this ex-waitress. She was Cinderella, though only for a year. Now she has the memories—and the gowns.

FARMS

Interest paid on total farm indebtedness consumed all capital earnings in the crops years 1920-21 and in 1921-22. In the next two years there was a return of 3.1 (three and a tenth) per cent on the total capital invested in agriculture, including rewards of management.

My wouldn't we have a low cost of living if all other industries of only 3 per cent profit, like the farm! However, industry is embarking on a years-long voyage of big sales but low rates of profit compared with the past. The chief effect of sharp competition is now profits. That's why business so readily consolidated into semi-monopolies.

DEWESEE HOME IS

ROBBED BY THIEVES

Burglars entered the residence of George Dewese, 514 North Prairie street, Sunday afternoon while the family were away for the afternoon and made away with about sixty dollars in cash, fifty-seven dollars of which were in bills missed from the room of Raymond Harts who resides there and the other three dollars were taken from another room in the house.

It is believed that the burglar entered either thru a window or thru the basement, several windows being open at the time of the discovery of the loss. No strangers were seen in the neighborhood during Sunday afternoon and as a result the police have very few clues on which to work.

OUR SAVIOR'S HOSPITAL

ALTON IS PLANNING

NEW TIME FALL CARD

The Chicago & Alton announces another fast train which will be out on when the fall time-card goes into effect. Trains 27 and 28 will be run as a Limited, the same as the Hummer if the state of the passenger department is approved, moving over the air line thru Roodhouse. The meeting to discuss the new time card will probably be held tomorrow according to the Bloomington Pantagraph and although no mention is made of any changes affecting the Jacksonville trains, prophecies are made that the new card will carry many radical changes in the passenger schedules.

FINED BY JUDGE

John Dunn, Ben Shannon and Harry Tucker were taken in tow by the police over Sunday on a drunk and disorderly charge and were taken before Justice Bayha Monday where they were assessed the usual five and costs.

BEREA CHURCH IS DEDICATED SUNDAY

Members of the churches of Jacksonville, Prentice, Hebron and Ashland and other places numbering nearly three hundred were in attendance Sunday at the dedication services of the new Berea Christian church situated northeast of Jacksonville, six and one half miles.

Rev. C. E. French and Rev. M. L. Pontius of the Central Christian church were in charge of the dedication service which was held at 2:30 o'clock. The sermon was preceded by a basket dinner which was served in the basement of the church and which was also attended by a large number.

The communion sermon was preached by Rev. Pontius. His sermon in part is as follows: "Memorials have always interested man. This is due to the fact that each individual has within him the power to move backward along the years thru the action of memory. The Berea church is rounding out 72 years of service in the kingdom of God, today."

"What does the communion service mean to you? Certainly it must mean a recognition of the

sacrificial service of the church which was prompted by divine love. But what does the communion service mean to you? It is communion with self. On this occasion the individual should take an inventory of his spirit resources. Thru processes of introspection the communion should see himself as he is.

Mrs. C. L. Hayden of this city is a daughter of Rev. Charles Ro who organized the church seven two years ago was present at the services yesterday.

"WHY MEN LEAVE HOME"

JIMMY MURPHY, NOTED AUTO RACER, KILLED

(Continued from Page One)
ner, was credited with only 80 points.

Jimmy Murphy, regarded by thousands of fans as one of the greatest pilots that ever sat behind the wheel of a roaring racing car, got his first taste of the speedway game as a mechanic for the late Eddie O'Donnell. After riding with Eddie Rickenbacker, who later became a famous ace in the world war, the late Hughie Hughes, Tommy Milton and other noted drivers in a similar capacity, Murphy stepped out for himself and won his first big race at Uniontown, Pa., in 1919. Later the same year another victory on the same track and one in Elgin, Ill., firmly established him as a favorite with the public.

Probably Murphy's greatest victory and certainly that which brought him the most fame, was achieved July 25, 1921 at LeMans

a suburb of Paris, when he captured first prize in the Grand Prix of the American Automobile Club of France. Competing against a field of Europe's best and some of America's stars he made the 233 1/2 miles at an average speed of 73.5 miles an hour and established a new circuit record for the course.

Murphy was second in the 250 mile opening of the 1922 season contest on the Los Angeles oval March 5. On April 5, he took second money in a series of sprint races on the same course, a few days later placing second in the Easter Sunday race at San Francisco. Later in the same year he came out victorious in the 150 mile Raisin Day classic at Fresno, the 100 mile race at Cotati, winning the 1922 championship at Los Angeles.

LABRADOR HOSPITALS TO HAVE RADIO SETS

Dr. Grenfell Secures Receiving Sets for Numerous Institutions Scattered Thruout Northern Coast Region.

Boston, Mass.—After the experience of many months of dependence on dog sledges and small vessels to keep him in contact with the outside world, Wilfred T. Grenfell, the "Labrador doctor," whose work in behalf of natives and fishermen has received world-wide recognition, will now have the opportunity of trying out the value of radio in the many hospitals scattered thru Labrador and Newfoundland.

Thinking first of the patients and volunteer workers among whom he has been spending a life of sacrifice, Dr. Grenfell is hopeful that all of the missions under the jurisdiction of the International Grenfell Association will be equipped with the latest marvel of science, that will bring to these dreary outposts of civilization, the finest music and educational facilities.

Seven complete receiving sets of the finest grade, entirely the product of American manufacturers, are to be installed in the Grenfell missions this fall by C. A. Service, assistant secretary of the American Radio Relay League, who was assigned the work by the Grenfell Association. He expects to get out from this city Sunday August 24, having shipped all of the radio equipment.

Much of the inspiration in behalf of the project has been furnished by Eldon Macleod, treasurer of the Mason Refrigerator Company of Dorchester Center, and associated for some time in the work of the New England Grenfell Association. Mr. Macleod has taken a great interest in the matter and it is through his financial assistance and the cooperation of manufacturers that the expense was met.

The assistance of the American Radio Relay League was requested for the purpose of selecting the equipment and allowing its assistant secretary the necessary leave of absence in which to undertake the installing of the sets. He will also investigate the power facilities of the missions in order to determine whether it will be possible to install amateur telegraph transmitters for intercommunication.

The need for a special radio service of this kind was made evident when, in the middle of the winter, fire destroyed one of the hospitals and the facilities were such that it was found impossible to get any word to the outside world for two months. The survivors were compelled to depend on dog teams to reach their ultimate destination and the task forms one of the interesting annals of the Grenfell association.

In winter all but the largest of the hospitals are closed and the personnel remaining are faced with eight months of extreme cold during which communication with other missions, or base of supply, is practically impossible by the primitive means to which the doctors and the other workers in the field are forced to resort. Only radio can bring to these people the vital contact with civilization.

What the marvels of broadcast reception will mean to the natives who have never been outside of Labrador, it is difficult for any one to conjecture, but Dr. Grenfell was quick to see the educational possibilities for them and a means of relieving the monotony of the winter months for these unaccustomed to the life and environment.

BURGLARS MAKE HAUL AT BERRY RESIDENCE

The police were called Monday night about 10 o'clock to the home of Richard Berry in the rear of the Ticknor grocery store on South Main street, to search for a robber who had cut away the screening from the rear screen door and had stolen a watch from Mr. Berry, and a watch and about \$30 in cash from Mr. Berry's son in law, George D. Killian, a former resident of Jacksonville but now residing in California who was spending the night with him.

Mr. Killian did not see the robber, but Mr. Berry awoke in time to see a man, who he declares was a negro, in the back yard examining some papers which may have been taken at the same time. Mr. Berry was not able to give a definite description of the robber to the police.

RADIO FANS URGED TO SEE EQUIPMENT IS IN GOOD SHAPE

Advice Given Concerning Preparation for Winter Weather

CHICAGO.—(AP)—With the advent of winter, the fan has been urged by radio experts "to examine thoroughly his outdoor antennae and place it in a condition that will withstand the rigors of the cold season. If the "pick-up" system is not up to the highest standard, they point out, it will be a big factor in marring reception at the time of the year when listening to the far away transmitter is common place.

The entire layout, the experts add, should be gone over and any defects eliminated, the insulators should be cleaned of accumulated dust and smoke, the supports strengthened and if need be, the wire replaced with new. The lead in also should be carefully examined and strengthened if it has developed weak spots.

"Proper aerial construction," the experts said, "often is neglected by the amateur, resulting many times in very poor reception. As much care should be used in building an antennae as in building the receiving set."

"Sometimes the amateur is unable to erect the best type of receiving aerial—a single wire 100 feet long—because of a lack of space. A good substitute may be provided with a horizontal loop, which is nondirectional and is a real competitor of the single wire. The loop is made of a continuous wire, so placed as to form a large rectangle, whose long sides are from 50 to 70 feet long and whose ends are from 20 to 30 feet long. The ends of the wire should be soldered together. The lead in may be taped on at the most convenient spot, its location making no difference in the reception from any direction. The higher

Work Shoes \$1.98; School Shoes \$2.49; Dress Shoes \$4.85.—Hopper's.

the aerial is placed above surrounding objects the louder will be the signal."

"This type of antennae as well as all other receiving aerials should be provided with a lightning arrester to comply with the rules of the National Board of Fire Insurance Underwriters."

DEATH COMES TO FRANK L. CHANCE IN LOS ANGELES

(Continued From Page One)

As manager of the Cubs, Chance won his first pennant in 1906, and added to his baseball glory by winning the world's series. He won both the league pennant and the world's baseball title again in 1907.

Chance's Cubs won but two world's series, but in two more years, 1908 and 1910 they again were the leaders of the National League.

Manager of New York
Later Chance became manager of the New York Yankees at that time known as the Highlanders.

His health impaired at even such an early date, Chance left the east and came to the Pacific Coast, where, in 1916, he took over the management of the Los Angeles Angels and developed them into a pennant winning team.

Again attacked by ill health Chance left the Los Angeles club in the middle of the season and remained away from baseball until 1923 when he became manager of the Boston Americans.

Early this year, after he had been made manager of the White Sox, he was again stricken and entered upon a spell of illness from which he never fully recovered.

Chance was born September 9, 1877 in Fresno, Calif., of Scotch and English extraction. His father was William Harvey Chance, vice-president of a bank there, and it was first intended

that a banker's career should be Frank's. After his father's death he went to Washington College and caught on the school nine for three years, leaving a year before he was to have been graduated. The maker of world pennant winners celebrated his 47th birthday anniversary only a few days ago and at that time seemed to be in passably good health.

Besides his widow, Chance leaves his mother, sister and three brothers, all of whom live in California.

Chicago, Sept. 15. — Frank Chance, manager of the Chicago American Baseball Club, who died in Los Angeles tonight had never assumed personal charge of the team of which he was named pilot last fall. Ill health compelled his return to his California home a few days after he came here to complete his spring training. His duties had been performed by Johnny Evers, acting manager.

The "Peerless Leader" as he was known to baseball fans, had previously piloted a Chicago Club as manager, captain and first baseman of the Chicago National League team. He succeeded Selee as manager of the Cubs during the season of 1905.

The Chicago Cubs won three National League pennants and two world's championships during the time Chance was their manager.

Chance's career in baseball began when he left the University of Washington, Irvington, Calif., to join the Cubs, which was the only professional club with which he had played. He was used as a catcher at first, but later developed into a first baseman by Manager Selee.

M. E. CONFERENCE MADE CHANGES HERE

Rev. E. L. Tobie Coming to Centenary and Rev. H. F. Cusic to Brooklyn Churches—Other Appointments Listed.

The Methodist conference which adjourned Monday night made changes in Jacksonville churches. Rev. E. L. Tobie comes to Centenary church from Moweaqua, succeeding Rev. C. D. Robertson, who has been assigned to Farmer City. Rev. G. W. Randle, who has been pastor of Brooklyn church for several years past, is succeeded by Rev. H. F. Cusic, who comes here from Girard. Rev. Mr. Cusic was for several years pastor of the Jacksonville circuit.

Rev. Mr. Tobie has been a member of the Illinois conference for about 13 years and before entering the ministry was a superintendent of schools.

Two new superintendents were appointed this year by the district. They are Rev. F. A. Havighurst, Bloomington district, who has been serving as pastor of First church in Springfield, and E. G. FORBES LAWYERS ASK POSTPONEMENT UNTIL AFTER THE ELECTION

J. Ham Lewis Says Charges Have Now Become Political Issue

CHICAGO, Sept. 15. (AP)—Arguments for a continuance in the trial of Col. Charles R. Forbes and John W. Thompson, St. Louis and Chicago contractor jointly indicted in connection with irregularities in the administration of the Veterans' bureau, were presented before Federal Judge Geo. A. Carpenter today.

At the same time counsel for Thompson presented arguments in support of demurrers to two joint indictments charging conspiracy. Former Senator James Hamilton Lewis arguing for the continuance, based his plea on the suggestion that the Veterans' bureau administration under Colonel Forbes had become "a political issue." He pointed out that campaigners for all three presidential candidates had demanded in public speeches the conviction of Forbes as a necessity to vindicate party policy. In view of circumstances, he said, it would be impossible for any jury to give an impartial decision divorced from political consideration. He asked the postponement of all trials in the case until after the November election.

E. J. Stransky, in arguing for the demurrer, challenged the indictments, returned by a federal grand jury on the ground that they were "indefinite, uncertain, muddled and unintelligible."

The time and place of actions claimed by the government to have been a part of the conspiracy in which it is charged Thompson and Forbes were implicated in an attempt to defraud the government in the building of veterans' hospitals were indefinite in the indictments Stransky argued. Another fault in the government's case, he argued, was that the whole proceeding from the standpoint of the prosecution was built upon the theory that competitive bids were required by law in the award of hospital contracts. There was no legal requirements for competitive building, he told the court.

COOLIDGE PRAISED BY METHODISTS IN COMMITTEE REPORT

Report Also Touches On Defense Day, Movies And Literature

BLOOMINGTON, Ill., Sept. 15. (AP)—Endorsing President Coolidge and condemning the indifference of the average citizen to national issues, the committee on the state of the country threw the unexpected into the Central Illinois Methodist conference in its report Monday. The church was commended for saving the country from a disastrous display of military prowess and power in the recent defense test day.

The Loeb-Leopold case was referred to indirectly as "laxity of the courts" and salacious moving pictures and vicious literature in circulation was scored. In part the report reads:

"Our defense test day has passed into history. Hardly a ripple was sent on the surface of our easy flowing existence. The influence of the church was felt at Washington. We have been saved what might have been a disastrous display of military prowess and power. Just emerging from the curse and chaos of war with all its futility what we need most is a preparedness of spirit. With fervent patriotism stirring our breasts we rejoice that on this occasion we have given no cause for offense to any nation."

"Standing on the eve of a presidential election we have reason to thank God for the wholesome influence of our present incumbent, President Calvin Coolidge who has made an enviable record of law enforcement."

"The apathy and indifference toward national issues of the average citizen is appalling. Less than 50 percent of the enfranchised cast their votes in the 1920 election. We need to give hearty sympathy to the 'get out the Christian Vote' movement."

"There is a great menace to our rising generations thru (1) the corrupting influences of vicious literature that is being widely circulated; (2) salacious moving pictures that subtly but surely are undermining our technical standards; (3) the increase of criminality with a corresponding laxity of the courts."

"We deplore these things and would urge the most earnest cooperation of all our people for their speedy eradication. The corruption of our social order smells to Heaven."

"A spirit of pessimism is abroad. But this is no time for gloom. In spite of the wrongs that need righting, and the confusing tendencies that need re-

gulation, we believe in the future of our country."

straining and directing, we feel that the nation is generally on the downward moral trend, and that civilization is in a state of collapse."

CITY PLAN DISCUSSED BY MYRON WEST

Committee Met Monday Night Talk Over Details of Plan Now in Making.

Members of the city plan commission, of which Dr. C. H. Ranmelkamp is chairman, met last night at the chamber of commerce rooms for a conference with Myron H. West, head of the company preparing the city plan for Jacksonville. The plans are maps which Mr. West displayed represented the work done by a number of engineers after an extended study of Jacksonville.

The city plan proposes a residential district, a commercial district, a local business district, light industrial district and heavy industrial district. The means the purpose of establishing certain zones where development may be expected along the line that are indicated.

The city plan as outlined provides for a reasonable growth that may be expected in the next 10 or 20 years, and outlines some new streets to make more direct access to the business district from the outlying areas.

Mr. West suggested a union railroad station as one of the outstanding needs of Jacksonville. His proposal with reference to railroad crossings has not been fully worked out, but will eventually mean the elimination of dangerous grade crossings.

In explanation of the plans Mr. West discussed the possibility of Nichols Park, spoke of Central Park as more than usually attractive and commented upon the trees of Jacksonville. He said, however, it was the trees that were planted long ago that showed the greatest thought, for the trees of later years were not as well planted nor of as good type.

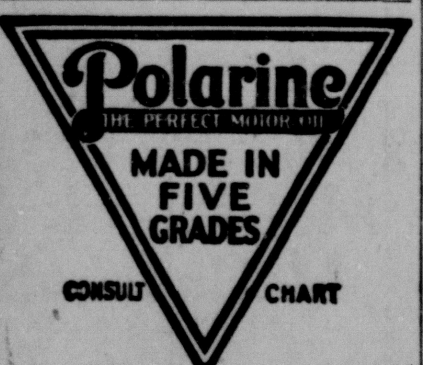

A forestry department as an adjunct of the park board he said would be well worth while.

The meeting last night was merely for consideration of the unfinished plans and one or more conferences of similar kind will be held before the plan is submitted.

In outlining a city plan all side of city life and development must be taken into account and the local committee will thresh the whole question out thoroughly before a plan is suggested to the people for approval.

Wooden Shoes

"The peasants in America do not wear wooden shoes at all, even in the fields!" writes Abbe Pierre, of Gascony. "No, the peasants there wear shoes of leather, although I should think that sabots would be much more serviceable, not only on the roads, but plowing. . . . And wooden shoes are far less expensive. Ah, that America is an extravagant country!"

Advertisements haven't yet taken the heavy wooden shoes from Gascon feet—nor yet the heavy wooden shoes from Gascon minds. Gascony thinks in the past. America in the future.

Advertisements make the difference. They criss-cross improvements in countless directions across the miles. They distribute Fords, furnaces and electric lights so widely that foreigners think you extravagant to enjoy them. They put you in touch with the latest conveniences. They help so many people enjoy those conveniences that their cost to you is small.

You read advertisements to link yourself with the best—to substitute speed for the shambling progress you otherwise would have to make in the lonely wooden shoes of isolation.

Do you read them regularly? Good habits pay.

Good news for Expectant Mothers

WHEN the little one arrives you can have that moment from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great rubbing preparation called "Mother's Friend."

Results from the use of "Mother's Friend" are proven by many startling letters of testimony from happy mothers. "I can almost say my baby was born without pain," writes a young mother who had used "Mother's Friend."

"Mother's Friend" is applied externally. It has been used by three generations of expectant mothers. Start using it today, and meanwhile write to Bradfield's Regulator Co., B-A 18, Atlanta, Ga., for free valuable book containing information every expectant mother should have. "Mother's Friend" is sold by all good drug stores.

MEANS THE BETTER KIND

Menus for a Family

Breakfast—Grapes, steamed hominy with thin cream, toast, bran bread, quince honey, waffles, milk, coffee.

Luncheon—Corn a la Creole, stewed carrots, baked potatoes, rice pudding, whole wheat bread, butter, cocoa, tea.

Dinner—Browned halibut steak, baked cauliflower, mashed potatoes, celery and cabbage salad, compote of fruit, sponge cake, bread and butter, milk, coffee.

A good rule to keep in mind is that "no fried food should be given to a child under eight years. Of course, this means no waffles for breakfast."

Home-made jellies and jams are excellent food for small people and make up for the lack of father's pie in many instances. The purple juice of fruit has a tonic effect when combined with sugar in a jelly that is quite beneficial. A piece of bread and butter thinly spread with jelly often answers as dessert when one is less than 10.

Before preparing the cauliflower for baking remove enough for the younger members of the family. Mash with a fork and season with salt, butter and a tiny bit of paprika for a child under six years of age.

After one is four years old, hominy makes a change from breakfast cereal.

Stewed Hominy
One cup fine hominy, 1 1-2 teaspoons salt, 4 cups boiling water. Put salt in boiling water and slowly add hominy. Cook 10 minutes directly over the fire. Cook one hour or longer over hot water.

Quince Honey
Four large quinces, 3 pounds sugar, 4 cups water. Pare and grate fruit. Put water and fruit in preserving kettle and boil 10 minutes. Add sugar, stirring it in slowly, and boil 20 minutes longer. Pour into

sterilized cans and seal while hot.

Corn a la Creole

Six ears corn, 1 small onion, 2 green peppers, 3 tomatoes, 2 tablespoons butter, salt and pepper.

Cut corn from cob. Mince onion. Remove seeds and white fiber from peppers and chop or shred peppers. Peel tomatoes and cut in quarters. Melt butter in frying pan, add vegetables and cook 20 minutes. Season with salt and pepper and serve on hot buttered toast.

This concoction is planned to please the grownup members of the family. The children should make their luncheon of baked potatoes, stewed carrots, whole wheat bread and butter, milk and rice pudding.

Rice Pudding

One-half cup rice, 4 cups milk, 1-2 cup sugar, 1 scant teaspoon salt, 1-2 nutmeg.

Wash rice through many waters. Cover with cold water and let stand over night. In the morning drain. Put milk in a buttered baking dish and add rice. The milk should be used cold. Put in a cool oven and bake an hour, stirring every 20 minutes.

Add sugar, salt and nutmeg and stir until sugar is dissolved. Bake in a slow oven two or more hours longer, stirring frequently to prevent the rice from settling to the bottom of the dish. As the scum forms over the top of the milk, loosen it and turn it into the body of the pudding.

When the pudding is done it should be of a creamy consistency, the rice and milk perfectly blended and smooth. More milk may be needed during the baking. It is stirred in cold. (Copyright, 1924, NEA Service, Inc.)

LOCAL POSTAL DELEGATE RETURNS FROM MEET

Albert Baldwin Arrives from Attendance at 25th National Convention of Post Office Clerks

Albert Baldwin returned last evening from Minneapolis, Minn., where he attended the twenty-fifth annual national convention of the United National Association of Post Office Clerks as national delegate from the Illinois state branch. There was a large attendance, there being delegates from every state in the union. The convention was in session four days, and much enthusiasm prevailed. Mr. Baldwin was honored by being appointed on one of the most important committees, that on resolutions.

The members were given a sight seeing auto ride about the twin cities, numerous lakes and parks, and were shown thru one of the largest flour mills in the world, the Washburn-Crosby Mill, which has a daily capacity of twelve thousand barrels.

It was unanimously decided not to urge any new salary increase legislation, but to use every honorable means to secure the passage of the Edge-Page Bill, known as Senate Bill No. 1398, which is now pending before congress as unfinished business. This bill provides an increase of \$300.00 per annum for postal employees, and while that is not considered an equitable increase under existing circumstances, yet it is acceptable, and it was the sense of the convention to urge all postal employees in the future as in the past, to continue their untiring efforts to improve the efficiency of the postal service, and to be faithful and loyal to this government, the best one on earth. It is hoped that all friends of the postal workers, and those who are interested in the efficiency of the postal service, will write their congressmen to vote for the passage of this bill, Senate Bill No. 1398. An equitable salary means a better post office clerk and a better letter carrier. A better clerk and carrier means a better postal service.

C. P. Francis of New York City and J. J. Grogan of Wheeling, W. Va., were re-elected national president and national secretary respectively.

Cleveland, Ohio, was selected as the convention city for 1925. The National Supervisors Association and the National Letter Carriers association will meet in the same city at the same time. It is expected that the national convention of 1926 will be held in the city of Philadelphia, Pa., at the time of the celebration of the one hundred and fiftieth anniversary of the birth of this nation.

Mr. Baldwin spent the week-end going to and coming from the convention with his sister, Miss Isabel C. Baldwin, his niece, Miss Grace Campbell, and his cousin, Miss Anna Stansfield at their home in Milwaukee, Wis. Miss Baldwin is instructor in household science in West Division High school in Milwaukee and Miss Stansfield is employed in the same school. Miss Campbell is enrolled in the Illinois university at Urbana, where she is preparing to become an instructor in English.

WESTMINSTER CALLS PASTOR TO CHURCH

Rev. Hodgson K. Young of Middletown, Ohio, Expected to Assume Pastorate Here.

Rev. Hodgson K. Young of Middletown, Ohio, has been called to the pastorate of Westminster Presbyterian church. It is understood that Rev. Mr. Young, who was here several weeks ago, will probably begin his work in Jacksonville early in October.

Rev. Mr. Young graduated from Miami college and subsequently studied law. After practicing for a year he determined to enter the ministry and became a student at Lane Theological seminary. When the war came on he enlisted for service and after the armistice again took up his course at Lane, later going to Garrett Theological seminary where he graduated.

In 1921 he became pastor of the Presbyterian church at Middletown and has carried on a successful work there.

Rev. Mr. Young is 35 years of age, is married and has one child. The supply committee received many letters of recommendation for Mr. Young, who was not an applicant for the position and the Westminster people feel that the pastor they have called will very satisfactorily meet the requirements of the work.

At the church service Sunday morning Dr. W. E. Spooner occupied the pulpit and subsequently served as moderator of the congregational meeting. Reports for the supply committee were made by Dr. C. H. Rammekamp and Frank Elliott and the financial statement was presented by George S. Rogerson, member of the supply committee and of the board of trustees.

200 REGISTER AT WOMAN'S COLLEGE

With Monday, September 15, the opening Registration day at the Illinois Woman's College nearly 200 students have been entered at the College. Tuesday will complete the registration of students, and College will open formally with the opening Chapel address at 9 o'clock Wednesday morning.

Rev. Dr. Frederick F. Burnham, president of the United Christian Missionary Society of the Disciples of Christ, with headquarters located at St. Louis will be in the city to deliver the opening chapel address. Dr. Burnham has charge of all the mission and benevolent work done by the Christian Missionary Society, and is one of the most prominent, as well as a greatly honored and beloved figure among all the denominations of the Christian world. He is well known in Jacksonville, having at one time attended Illinois College in this city. The Woman's College extends a cordial invitation to the public to be present at his address, at 9 o'clock Wednesday morning.

The Y. W. C. A., with its band of "big sisters," who have each adopted a "little sister" from among the new students, and have loyally written to them throughout the summer, and are helping them through the readjustments that come with college life, is playing an important part in the opening days of college. The first social function of the year will be given by the Y. W. C. A., when it will hold an informal reception, in honor of the new students, in the college gymnasium, Saturday night.

Members of State Street Presbyterian church last night voted overwhelmingly to proceed with their church building improvement. The vote was the culmination of the expression regarding the church building program which has been planned during the past year. It followed an informal discussion of the project by the members present at last night's meeting.

The building committee is now empowered to see that the plans and specifications prepared on the proposition are carried out at once. The committee consists of Rev. W. H. Marbach, chairman; C. A. Johnson, F. E. Farrell, Mrs. C. A. Barnes, Mrs. W. Floreth and Walter Crawford. The congregation clerk is William Doyne. It is expected that the work of building will start within a few days.

HEALTH PROGRAM PART OF H. S. WORK
As a part of the high school routine, the weighing and measuring of students will begin this week under the directions of the faculty members, with Miss Maude Ryman, public school nurse, supervising.

This is done as a part of the health program to ascertain the physical development of the students and how they measure up with the average health standards. A report of the health measurements will be sent to the parents.

Charles S. Deneen. Will Make Address Here Tomorrow Night

Ex-Governor Charles S. Deneen is coming to Jacksonville tomorrow from Petersburg and at 8:00 o'clock will make an address at the court house. Mr. Deneen, who is a candidate for the U. S. Senatorship arranged his itinerary in such a way that it will be possible for him to have a night meeting in Jacksonville.

Charles S. Black, chairman, and Miller Weir, secretary of the Morgan county Republican committee, and others, are making arrangements for the Wednesday night meeting. The community band will furnish a program of music and immediately afterward Mr. Deneen will make his address. The public can be certain of a clear and thorough discussion of the issues of the campaign.

KIWANIS OBSERVES CONSTITUTION WEEK

In co-operation with over 1200 Kiwanis clubs meeting this week throughout the United States, the Kiwanis Club of Jacksonville will celebrate the signing of the constitution of the United States at the luncheon on Thursday at the Peacock Inn.

A special program has been provided devoted to the study of the fundamental principles of the constitution and the application of these principles to the responsibilities of citizenship. Local Kiwanians have explained the interest of Kiwanis in "Constitution Week" on the grounds that the organization composed of some 86,000 business and professional men throughout the country is vitally interested in the future of constitutional representative government. Because of their belief that the future of the nation depends upon the interest and activity of the individual citizen, Kiwanis clubs throughout the nation are actively engaged in educating all citizens, regardless of political affiliation, to register and vote.

Plans for the participation of the local Kiwanis club in this nation-wide effort will be announced at this week's meeting.

LOCAL CHURCH MISSION IS LARGELY ATTENDED

More than 900 people were served dinner and supper in the basement of the Salem Lutheran church Sunday in connection with the celebration of the annual missionary meeting of the church. Many representatives were present from Aremville, Beardstown, Chapin, Neeleyville and New Berlin. Donations were received by the league for mission purposes amounting to \$349.07. The day's program was carried out as announced recently.

MAYOR CRABTREE TO PRESIDE AT CONVENTION

Mayor E. E. Crabtree will deliver the annual presidential address at the eleventh annual convention of the Illinois Municipal League which will be held in the new ten million dollar American Exposition Palace in Chicago on October 16 and 17. The convention will be attended by more than 500 mayors and other officials and villages throughout the state.

The addresses of welcome will be delivered by Mayor Dever of Chicago and W. R. Dawes, president of the Chicago Association of Commerce.

LEAVING FOR EAST

Mr. and Mrs. Fred O. Ranson expect to leave today for Springfield, Mass., where Mr. Ranson will take charge of the eastern sales agency of the Tater Flake Co., of Chicago. For a number of months past Mr. Ranson has been connected with this company and has conducted a wholesale and retail establishment at 237 East State street, where he has built up a profitable business. His success in this territory led to the offer of the position in the east with larger possibilities.

Mr. Ranson sold his local store to Z. W. Scott, who will conduct the business along the lines established by Mr. Ranson.

WILL FILE FOR PROBATE
The will of the late Mary L. Cunningham which was filed recently in the office of County Clerk George L. Riggs was made on January 15, 1920 and was witnessed by T. C. MacVicar and Louise G. Trahey. The testatrix bequeaths to her son, J. Edward Cunningham, the sum of 3,000 to be paid to him by the executor within one year after her death. The remainder of the estate goes to a brother, George F. Dorwart who is appointed executor.

MEN'S CHURCH CLUB HOLDS FIRST MEETING

Interesting Session Held Last Night at Westminster Church—Plan for Appearance of Dr. Winrod Here.

Members of the Men's Federated Church Club held their first session for the winter, last night at Westminster church. The meeting was conducted by the new officers, President S. E. Albrecht, Vice-President, L. B. Turner; Treasurer, H. C. Clement and Secretary, Arthur Cody. The meeting was an enthusiastic one and gave evidence of the successful meetings to follow.

Following a cafeteria luncheon which was served by the Ladies' Aid Society of the church a program of music and readings was presented. The first number was mass singing led by Prof. Garnett Hedge with Willard Wesner at the piano. This was followed by a reading by Miss Marjorie Chapman and a group of songs by Miss Margaret Coleman accompanied by Miss Chapman. The program was closed with vocal selections rendered by Prof. Hedge and Mr. Wesner as accompanist. The entire program was enthusiastically received by those present.

At the business session, Pres. Albrecht stated that it was not his purpose to outline the work but to work and do the talking afterward. He said the club cannot succeed with the work of the officers alone but must have the support of the entire body. The work cannot be done for the churches unless every member gets behind and pushes.

It was decided at the meeting to obtain the services of Dr. G. B. Winrod for a series of lectures extending over a week. Dr. Winrod has been in communication with the club and it is expected that he will appear in the city during the month of November. A number of members present at last night's meeting spoke very highly of Dr. Winrod's lectures and it was the unanimous approval of the club members present that he be secured for the meeting. Dr. Winrod will be remembered as a lecturer on the recent chautauqua program.

Pres. Albrecht announced the chairman of the membership, program and activities committee and instructed them to select the remainder of the members on their own committees. Amos Swain was appointed as chairman of the membership committee and empowered to select one man from each church represented in the church as the remainder of his committee. Carl O. Gordon was named as chairman of the program committee and instructed to select two co-workers and Dr. C. H. Rammekamp was appointed as Activity Committee chairman with the same instructions. Following a number of short talks on the club's work for the future, the meeting adjourned.

PLAN SCOUT CONTEST FOR MORGAN COUNTY

An inter troop county-wide Boy Scout contest, judged on a percentage basis, with attendance, advancement in rank, punctuality, participation in scout activities and general application to the program of scout craft counted among the biggest factors in the contest as announced by Scout Executive S. E. Albrecht, to be in duration for a three month's period from September 15 to December 15.

The eleven scout troops in Jacksonville and those of Franklin, Alexander and many others who organize immediately, within the county, will participate in the contest, which will be judged in such a way that the small or new troop will stand equal show of winning with the large or veteran troops.

Scout Executive Albrecht will be in charge of the contest, judging the troops on the percentage basis according to the weekly reports sent in by the Scout Master.

The winning troop will be the recipient of a very handsome and appropriate trophy, which Mr. Albrecht is not ready to announce yet, although he promises it will be a reward worth working for, and one which any scout troop will be proud to win. In addition to this, the members of the winning troop who were members of the troop during the contest period and assisted the troop in winning, will be guests at a large banquet which will be given by assessing the members of the losing troops.

STUDENTS RETURN TO ENTER COLLEGE

Among the students who have returned to Jacksonville to enter Illinois College are Eugene Stevens of Ithaca, New York; Arthur Hart of Ashton, Ill.; Cecil Martin of Pleasant Hill; Louis Sartorius of Petersburg; Miss Marguerite Hyer of Payson; Miss Charlotte Engelbach of Aremville; Clay Tate of Eldorado; Miss Opal Story of Roodhouse; and Larry Dale of Dixon, Ill.

PATENT OFFICE MAY AUCTION OLD MODELS
WASHINGTON, (AP)—What to do with all the old-time models, now in the custody of the Patent Office, is awaiting solution, and efforts will be made at the coming session of Congress to clarify the situation.

The demand for space in the Patent Office ousted the models from their exhibition cases at the end of the last century, but the government has had to continue paying space rental for them. A proposal now being considered is to have a commission appointed to sort out the models that might prove of historic interest, and perhaps sell the others at public auction.

The general requirement of having the inventor submit a model with his patent application was discontinued about 1880. Today the law directs that the commissioner of patents in his discretion may require a model furnished.

AN OPEN LETTER TO WOMEN

Tells of Mrs. Vogel's Terrible Suffering and how she was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"My troubles were severe pains in my back and terrible bearing-down pains in my right side, also headaches and sleepless nights. I first began having troubles when I was 15, and they have increased as I grew older. A little booklet was left at my door, and I read what Lydia E. Pinkham's Vegetable Compound has done for women and decided to try it. After the first week I could go to sleep every night and I stopped having that nervous feeling and got a better appetite. The doctor had always said that an operation was the only thing that would help me, but I never had any faith in an operation. Since the Vegetable Compound has started helping me I do not suffer the severe pains, feel stronger, and am able to do my own work. I am more than glad to tell my friends that it helps where other medicines have failed."

—Mrs. GUS VOGEL, 6008 Pelouze St., Detroit, Michigan.

A record of fifty years service must convince women of the merit of Lydia E. Pinkham's Vegetable Compound.

Chiropractic

What It Is---What It Does

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.
3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccoughs, worms, etc.
7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

WHITE SOX OUTHIT BUT YANKEES WIN

Red Faber Allows but Four Hits but Two of His Passes Develop into Runs—Score 2 to 0

CHICAGO, Sept. 15.—New York tied Washington for first place in the American League pennant race today by shutting out Chicago, 2 to 0, while the Senators were defeated by Detroit.

The world's champions gleaned only four hits off "Red" Faber, but two of Faber's passes developed into runs. Witt's walk, a sacrifice and Ruth's single scored the first run and the second came in the fourth on a walk to Pipp, Meusel's single and a double play which retired Meusel and Hofmann, Pipp scoring.

The White Sox collected seven hits off Sam Jones, but the fielding behind him bordered on the spectacular.

With men on third and first and one out Kammer lined to Dugan in the fourth inning. Dugan caught the ball off his shoestrings and doubled Shelly off third retiring the side.

PIRATES BEAT BRAVES IN TWELVE INNINGS

BOSTON, Sept. 15.—Pittsburgh defeated Boston 4 to 3 in 12 innings today while the Giants were idle and the Pirates thereby climbed to a place two and one-half games behind the New York club in the National League race. It was the third straight win for the Pirates here. The game was decided when Grimm and Schmidt tripled and Morrison sent out a sacrifice fly, scoring two runs, in the first of the twelfth. A pass and Stengel's double worked into a Boston run in the last half of the same inning.

SENATORS SHUT OUT BY RIP COLLINS

DETROIT, Mich., Sept. 15.—Rip Collins, some times called the unluckiest pitcher in the American League, pitched brilliant ball for Detroit to shut out Washington 2 to 0 today, dropping the Senators to a tie with New York for the league lead.

Mogridge's southpaw offerings were hit safely nine times, while Collins was holding Washington to four singles, only two of which were made in the same inning. Collins' double and a single by Manush gave Detroit the first score and Rigney's two base hit ahead of a single by O'Rourke accounted for the second.

RIVERTON RUNS AWAY WITH GAME SUNDAY

Pile Up Score of 15 to 8 Against Frank Smith's Indians—Get Ten Runs in One Inning.

The Indians apparently mislaid their rabbit's foot Sunday morning prior to the game with Riverton, for the visitors handed them a terrible whipping, the score reading 15 to 8 when the fielding meet was declared over.

The Indians were in the lead at the close of the seventh inning 8 to 5 but in the first half of the eighth the boys with the unpronounceable names cut loose, and O. Boy, how the fur did fly. They garnered ten hits off Lowder in that frame and made them stand up for ten tallies, this rally costing the run-getting for both teams. Errors by DeFrates and Boyd helped them along considerably in their vicious work in this inning.

Riverton was not very far ahead of the Indians in finding the pill, the locals getting thirteen hits off T. Grigiski to eighteen off Lowder, Clark getting three safe punches, and French, Wilson and Carter each claiming two. One of French's swats went for three bags, Harry Clark got two two-sackers, and Wilson roosted on second once on his heavy blow.

Smith's bunch had the worst luck on errors with seven against them, the Riverton bunch getting by with only two.

But the box score tells the main part of the story.

MANY CHANGES IN FOOTBALL RULES

Shoulder Guards Must Be Padded—Kicking Tees Abolished—Referee Only One to Use Whistle—All Ten Yard Penalties Eliminated.

The 1924 football rules contain many changes some of them of great importance while others are of minor worth to improve the speed and quality of the game. A summary of the changes is given in the article below:

In Rule 1, Section 3, the committee has added its approval to the so-called "offset" goal posts so that either straight line posts or offsets are legal. In Rule 3, Section 3, there is an answer to the generally increasing complaint that certain stiff shoulder guards and protectors were dangerous. The committee has legislated that shoulder guards must be padded outside as well as inside and cleats must not be dangerously sharp, and has urged all officials to relentlessly enforce every phase of the rule relating to equipment.

Under Rule 6 comes the elimination of the tees. All tees are swept out of existence, but on place-kicks a player may hold the ball on the ground for the kicker. The ball is now kicked off from the middle of the field instead of from the 40 yard line. Section 9 has been altered so that any part of the player's person being out of bounds counts just the same as the foot.

Under Rule 9 the committee has practically placed shift plays in the hands of the officials by legislating that players must come to an absolute stop and remain stationary in their new positions sufficiently long to prevent any doubt in the minds of the officials as to the legality of the play.

Rule 10—The 5 yard line has been changed to the three yard line.

In Rule 14 is the evidence of the committee's desire to speed up the game and prevent unnecessary and unreasonable delays. The official may arbitrarily call time whenever he thinks a team is unreasonably delaying putting the ball in play and may warn them or penalize them. In the case of calling of time for substitutions or for other reasons which appear to the official to be with the intent of lengthening the game, he may instruct the timekeeper not to stop the watch but let time run on. Captains may now ask that time be called four times in each half, but penalty for a greater number of requests has been increased to five yards.

In Rule 16, the screening of the forward pass has been checked by a ruling that ineligible players must keep out of the way of the players of the side which did not make the pass, else they are liable to a penalty for interfering with the defensive side's opportunity to reach the ball. The field judge and umpire both are to watch violations under Section 3.

Rule 17 puts a stop to the receiver of the forward pass running out of bounds and then coming back into the field of play to receive the pass. Under this same rule the last 10-yard penalty remaining in the book has been changed to 15 yards, namely, intentionally throwing a forward pass to the ground. It has been made legal to decline the penalty on a 15-yard pass.

Rule 18 finishes up the entire matter relating to on-side kicks. If a kicked ball crosses the scrimmage line, no one on the kicker's side can touch or recover the ball until it has touched an opponent, but any man may recover a kicked ball which has not crossed the line of scrimmage.

Under Rule 21, Section 7, the words "or anyone connected with the team" have been added.

Rule 23, Section 8—A foul committed behind the goal line which does not involve change of possession of the ball is penalized one half distance to the goal line from the spot where the ball was put in play. Section 11 has been expanded by the instruction to the referee that he shall explain alternative penalties to the captain of the offended team.

Rule 24—The referee alone shall have a whistle, but a pistol is recommended to the timekeeper to notify the referee of the expiration of time.

YOST DRAWS STARS
FROM ALL CLIMES

ANN ARBOR, Mich. (NEA)—Michigan's football squad will be made up of 63 players when preliminary practice starts September 15. Of this number, over half, or 32, of them are natives of the Wolverine state.

That speaks quite well for scholastic football as it is played in Michigan, considering that aspirants to the maize and blue eleven hail from practically every state above the Mason and Dixon line and as far west as the coast. Eight of the candidates come from Detroit, where 11 high schools have aided them in making ready for a trial on a big university team. The others are scattered all around the commonwealth.

Ohio claims six, Illinois four and Minnesota and Indiana one each. From New York state comes William Heath, a backfield prospect, while Kentucky is represented by Edliff Slaughter of Louisville, star lineman for the past two seasons. C. J. Munz an end, from Denver, Colo., is quite a distance from home and Canada boasts one candidate for gridiron honors in M. H. Shatz, a back from Toronto.

**TEXAN FAILS TO
BEAT RUTH'S RECORD**

FORT WORTH, Texas, Sept. 15.—Babe Ruth's record of 59 homers in a season is safe today for another year at least. Clarence "Big Boy" Kraft, of the Fort Worth club, striving to beat Ruth's record, finished the Texas League season yesterday as champion home run hitter of the minor leagues, but fell four short of Ruth's mark. Kraft slammed out his 53th homer in the final game of the pennant race at Beaumont.

Market Report

By The
Associated
PressWHEAT UP, CORN DOWN
AND OATS UNSTEADY

CHICAGO, Sept. 15.—Export
buying and reduced estimates of
yield in Canada did a good deal
today to send the wheat values
up. About 1,500,000 bushels
were said to have been taken by
foreign interests. Closing quotat-
ions on wheat were strong, at 1 1/2
cents advance, with Decem-
ber \$1.34 to \$1.34 1/2, and May
\$1.40 to \$1.41. Corn finished at
1 1/2 down, oats at 1c decline to
1c gain, and provisions unchanged
to 25c lower.

Highest prices today in the
wheat market, reached just be-
fore business ended, were in con-
nection with guesses that Cana-
dian crop figures to be issued
tonight would show a total yield
of about 250,000,000 bushels ac-
cording to the latest government
estimate. Earlier, the market here
had been considerably affected by
a report pointing to a much more
reduced yield in Saskatchewan
than any previous forecast had
called for. Persistent buying on
the part of houses with seaboard
connections formed the main ba-
sis, tho, for the upward price
trend which from the start was
evident in the wheat trade. The
fact that Liverpool intentions
were higher than had been looked
for was deemed significant in
this respect. Much notice was
also taken of estimates of the
amount of wheat and rye which
up to date have been purchased
for Europe this season. On the
other hand, announcement of 3
661,000 bushels increase in United
States, visible supply today
had no apparent effect.

Somewhat better weather and
especially absence of frost led to
heavy selling of corn at times and
kept the corn market easier in
the face of wheat strength. Bull-
ish Canadian reports helped to
steady the price of oats.

Lard reflected a decline in cot-
ton seed oil, but meats were more
in line with action of hog values.

CHICAGO BUTTER
MARKET.

Chicago, Sept. 15.—The butter
market today was steady on all
grades with the best demand re-
ported on the medium and lower
scores. Considerable business
was transacted early this morn-
ing on 92 score butter at a 1c
advance over Saturday's price.
The centralized car market
was easy, with trading dull. Of-
ferings of all grades were liberal
and in some quarters buyers
found it possible to obtain slight
concessions.

Fresh butter—92 score 37 1/2; 91
score 36 1/2; 90 score 35 1/2; 89 score
34 1/2; 88 score 34; 87 score 33;
86 score 32.
Centralized carlots—90 score
36 1/2; 89 score 34 1/2; 88 score 33 1/2.

BLUFFS LADIES AID ELECTED OFFICERS

Ladies Aid of M. E. Church Elect Officers at Recent Meeting—Other Bluffs News

Bluffs, Sept. 12.—The Ladies Aid of the M. E. church met Thursday afternoon at the church and elected the following officers for the year: President—Mrs. William Vannier. Vice-president—Mrs. Lee Baird. Secretary—Mrs. Horace Arnold. Treasurer—Mrs. Arthur Pyle. Mrs. L. W. Bates and daughter, Marcella, visited Mr. Bates who is recovering from an operation at a hospital in Jacksonville. His recovery

has not been as rapidly as expected and he will probably remain there two weeks longer. Born to Mr. and Mrs. F. W. Chapman Wednesday, a daughter, first child. Mrs. Chapman was formerly Miss Veta Muller. Mrs. William Vannier, daughter Maxine and Forrest Adkins were business callers in Springfield Saturday and in the afternoon attended the fair.

MATTRESSES
Made over and recovered. We make any cotton mattress, no matter how hard it is packed, as soft and good as new. Phone 1195. Jacksonville Mattress Co.

Miss Aileen Coultas is taking a course of study at the Brown's Business college in Jacksonville. Mrs. William Hildebrand entertained a number of little friends at her home Friday afternoon in honor of her son, William Jr.'s fourth birthday. ILLINOIS CONFERENCE NOTES

By C. R. McARISON

Bloomington, Ill., Sept. 13. (Special to Journal)—Friday afternoon and evening was given over to the more serious side of the historic facts of Illinois Conference past and present. At the Illinois Wesleyan gymnasium, with the presence of both Bishops, McDowell and Hughes—a program of brief separate addresses were carried with ever increasing interest. The Central Illinois Conference Quartette opened the session with a series of songs of long ago. Then after prayer by Rev. U. Z. Gilmer of the same conference came the address of Rev. A. S. Chapman, superintendent of the Jacksonville district. It was replete with original research and happy combination of striking events and well deserved eulogy on the character of "The Pioneers." Dr. Chapman has been requested to have the entire paper published in the "Northwestern Christian Advocate" even if it is done serially, so as to preserve much valuable information. Dr. S. H. Whitlock, aged 88, in a clear voice, read a fine paper on "The Giants of Those Days." He was introduced by Bishop McDowell who was a student under the speaker's brother in Ohio Wesleyan university, Prof. W. F. Whit-

lock and previously under the ministry of another brother, Rev. E. D. Whitlock, began his Christian life. Reference was made also to a nephew of the speaker, who received high honor in diplomatic circles during the World War—Mr. Brand Whitlock, minister to Belgium. The call of the roll of Illinois Conference honor men began with Peter Cartwright, Peter Akers, George B. Fairbanks, Jonathan Stamper, continuing with George and William J. Rutledge Crane, William McKendree and Greenberry McElfresh—Buck, Prentice, Preston Wood Sr., McElroy, Davies, Horace Reed, Wilder—even to the men who in the present, have left their impress on church and state. Naming also men who have done great deeds, wrought righteousness in other conferences—and for the church at large as Cranston, McIntire, McFarland and Hamill the speaker closed his address amid applause.

Dr. John Ryan of Pontiac read an instructive paper, on the work of the fathers in maintaining the fires of intellectual revival in central and southern Illinois—having a list of 35 seminaries and colleges, begun and maintained by the Methodists of these parts, of which the high schools have thoroughly supplanted—leaving only McKendree, Illinois Woman's college, Illinois Wesleyan and the Northwestern university to carry forward the educational program. The program was concluded by an address of great vigor by President William J. Davidson of the Illinois Wesleyan university. It was on the "Contribution of Methodism to Great Causes,"—not financial so much as moral and spiritual. The entire program was closed at 4:30 p. m. before an audience of a thousand people.

The Educational Banquet
By far the climax of 17 years of the series of educational banquets held by the Illinois Conference, was reached Friday night. The new and magnificent banquet hall of the Consistory Temple, was made use of at a cost of \$250 and at a dollar a plate, 1,087 admissions were easily secured. The program was carried forward without an omission. It was of high grade. Dr. W. S. Bovard of the Board of Education of the Methodist Episcopal church presided as toastmaster, and his introductory remarks, set before his great audience the facts of schools, colleges, students and progress of the church in an interesting way. A musical program of an unusual nature was vigorously presented. Prof. Mills and wife (who is a singer and whistler) led in the introductory singing. State Superintendent F. G. Blair of Springfield reviewed the work of the Builders of Education, calling up in review the names of those men whose work particularly as applied to Illinois has made a lasting impression. Thomas Jefferson, Nathaniel Pope, Edward Coles, Newton Bateman, all contributing their best to make education effective in a new form of democracy. He was followed by Bishop McDowell, who spoke on "Builders of Methodism,"—concerned more in the keeping up these beginnings, and perfecting them, rather than their beginnings. Governor Charles S. Deneen of Chicago received an ovation when he spoke. After a busy day, during which time he had spoken in eleven counties and addressed twenty meetings. He accused Supt. Blair of taking some of his material, but in speaking of the "Builders of the State" paid high tribute to the great men who served humanity thru their service to the state.

The concluding address of Bishop Hughes on "The Builders of Life," thrilled his audience, as he warned his hearers that there was no connection between the highest state of mental culture and moral and spiritual life. The tragedy of the Chicago young men that day culminating in life imprisonment, of Poe, Burns, Byron, was an argument that the Christian church must stand beside the school and the college to prevent the repetition of universal tragedy. The conclusion of the feast of reason was very effective. Saturday night, the pageant, "One Hundred Years of Methodism," was the closing episode in regard to the Centennial of Illinois Conference. Methodism. It was held in the spacious and new gymnasium. The opening scene was a pioneer frontier scene followed in succession by the local talent of events that enter into church and national history. It was highly appreciated. Miss Mattie Simmonds, of the school of Expression of the university, prepared and presented it—assisted by scores of friends in and about Bloomington.

Ask your dealer Why he sells so many more Remington Game Loads
REMINGTON Game Loads are increasing in popularity faster than any other shells in America. Have you tried them?
Hundreds of thousands of sportsmen all over this country are discarding the old style specified loads, and are now shooting Remington Game Loads.
With all due respect to any specified load you are now shooting—give Remington Game Loads a try-out on your next shooting trip.
Go into the store. Tell the dealer what kind of game you are going after—and get the Remington Game Loads specifically made for *that kind of game*.
They will give you a shooting quality you have never known before. They are scientifically loaded to a uniform standard of velocity, pattern and penetration, all with moderate recoil.
This idea of *specific loads for specific game* is original with Remington.
All our experience and ballistic knowledge told us how absurd it was to have 3200 different shotgun loads—when there are only a few kinds of game hunted with shotguns.
So we brought out Remington Game Loads—the right load—the best load—for each kind of game. Remington Game Loads are loaded with the highest quality American-made smokeless powders in Remington Nitro Club *Waterproof* Shells.
Thousands of seasoned sportsmen will tell you that they are right.
Isn't it about time for a New Shotgun?
While you are at your dealer's, look at the *New Improved* Model 10 Remington Pump Gun. Handle it. *Work the action.* Note its smoothness of operation, its remarkable pointing qualities and fast hammer action.
